APRIL MEETING - NOON MEETING - DALLAS PUBLIC LIBRARY

Don't miss this very important and exciting meeting. It will be held at noon, April 27, 1978, in the auditorium of the Dallas Public Library (Commerce & Harwood Streets) Remember to come by 11:30 A.M. and bring your sack lunch and eat in the Conference Room. This is such a good way to get to know people in the Society and our visitors. Make our visitors welcome--remember--you were a visitor once, also. We have many new members. Introduce yourself. Our program will be presented by one of our own members, Mr. Bill Crawford. If you have heard him, you know what a fine, knowledgeable speaker he is, and if you haven't, you have a real treat in store for you. His topic will be "Probate Records--One of Genealogist's Most Important Tools." Many of you probably think of probate records as just a short paragraph in a big book. Come and find out what they really contain and how they can help you in your research. The next part of the program will be several of our members telling how working on our projects this year has helped them in their own research. The third part of our program will be the dedication of the three books that the Society has published this year. The fourth part of the program will be the presentation of our gift to the library. Don't miss this very important meeting.

PUBLICATIONS. Our Publications are back from the printer and may be picked up at the April meeting. If you have ordered them and are unable to attend the meeting, they will be mailed to you. If you haven't ordered them, you will want one after you see how beautifully they turned out.

MAY WORKSHOP. By now you should have received your notice about the May Workshop. If not, you may pick one up at the April meeting. All plans are finalized. For those of you who don't know already, Mr. Clifford N. Smith will be our speaker on May 19 & 20, 1978. His topics, which should be of interest to all of us, are: 1.) Research via Religious Migration 2.) Quaker Research 3.) Federal Land Record Research and 4.) German-American Research. There is something for everyone. Be sure and make your reservations by May 10th if you are planning to attend.

MAY MEETING. There will be no meeting in May. The Workshop will take the place of the May meeting!!!

LIST OF RESEARCHERS. The Society is compiling a new list of researchers. If you do research in the Dallas area and wish to be included, please send us your name and address. Do not send your price rate.
