JUNE MEETING.

A very special treat is in store for you at the June meeting. Make every effort to attend. This will be the last meeting until September. Bill Hadskey will be our speaker. If you haven't heard him speak, you are in for a pleasant surprise, and if you have, you already know what an informative speaker he is. His topic will be: "What you need to know about history before you do genealogy." This will be a night meeting--Thursday, June 22, 1978 at 7:00 P.M. at Wyatt's Cafeteria (Mockingbird at Abrams) Come early and eat with a friend. This meeting is important for all of us. The nominating committee will present a slate of officers to be voted on. If the slate is approved, the installation will be held. Be sure to come.

MAY WORKSHOP.

The workshop which was held May 19-20, 1978 had a total attendance of 124. The two day workshop covered a wide range of topics from religious migrations to German research. Judging from the active note taking and questions that were asked, the material covered was of vital importance and interest. Dr. Clifford N. Smith, of McNeal, Arizona was a most interesting person, obviously very knowledgeable and sincerely interested in helping each individual. There were four commercial exhibits: LDS Bookstore, Dallas; Computer Genealogical Service, Dallas; M & C Photography, Grapevine; and Nortex Press, Quanah. In addition to these, DGS had its publications available. When all expenses are paid, we will have made a profit of several hundred dollars. Door prizes were drawn during every session to allow many opportunities to win. Each donor has been acknowledged by letter, but it would be very helpful to the people who do the workshop in coming years if you would mention the door prize contributed by the firm if you happen to be at their business. Centerpieces for the luncheon were furnished by Helen Lu. One lucky person from each table took one home. It is impossible to adequately express my appreciation for all the help in putting together the workshop as well as the work carried on during the workshop. It would require too many letters and too much postage to write each one, so please accept this THANKS via this media and know that it is meant for each one of you who helped in ANY way. Minnie Champ, Executive Vice President.

Searching for a Coat of Arms  
Winds up with faded blue genes."
