SEPTEMBER 1983 MEETING: DATE : Thursday, 22 September, 1983
PLACE : Dallas Public Library
1515 Young Street, Dallas
TIME : 6:30 P. M. Social Meeting
7:00 P. M. Regular Meeting and Program

The program will be presented by Beverly West Hathaway of Abilene, Texas. Mrs. Hathaway is a noted lecturer and professional genealogical researcher, specializing in the southern United States.

"Research Techniques in the State of Tennessee" will be the topic of the program. Having been a major pathway of migration to the West, Tennessee is an important area of research to the genealogist in tracing the movement of many families. Research problems encountered in Tennessee are synonymous to those occurring in most southern states. Mrs. Hathaway will emphasize techniques that can be applied to Tennessee and to other areas of the South.

There is a booklet "Food Finder" put out by the Dallas Public Library and for sale at the Library Store for 50¢. It gives a list of 28 restaurants within 10 minutes walking distance of the Library, the estimated distance from the Library of each, a map showing by number the location of the restaurants, the type of foods served, approximate prices, the hours open. This is much needed information, long needed. Buy your copy!

WE NEED YOUR QUERIES! Here is a good chance to send MANY and they will be used as there is room in the Quarterly. Besides your own name and address, give the name of a person, a time period, a place, an event and state what you need to know about them. Queries are free to members, \$3. to non-members.
