A NEW CENTRAL LIBRARY FOR DALLAS

A NEW GENEALGY DEPARTMENT FOR US

On Sunday, April 18, 1982 a new Central Library at 1515 Young Street was dedicated for Dallas. The Central Library is located between Young and Wood Streets across from the new City Hall and near the Convention Center.

The new \$42.7 million Central Library building was made possible by a combination of efforts by the public and private sectors. It can house 2,286,000 volumes, and seat 2,894 people.

There are many features in the new Central Library that all who visit will enjoy and find helpful. Some of these are a snack bar, a Library store which will sell such items as library publications, book preservation materials and library-related gift items, pencils and paper, and also coin-operated lockers, all of which are located on the main floor. There are 200 parking places located in the basement with entrance on Wood Street. As of this writing parking will be \$.50 for the first hour and \$.75 for each hour after until 5 P M when it will be \$.50 per hour. There is no maximum. The garage is open from 8:30 A M to 9 P M Monday thru Thursday and from 8:30 to 5 P M Friday and Saturday. There are many parking lots located near the Library as well as places to eat.

The greatly expanded space in the Genealogy Library will be welcome news to all. The Genealogy Department is on the 8th Floor with the History & Social Sciences. We have our own room. There are many new features, a number of changes and a few things the same. The Texas Collection was seperated from Genealogy and is housed on 7th Floor. You will most likely notice that some of the book and microfilm on Texas that you used before are gone. Look for them on the 7th Floor. Most noticeably missing are the Tax Lists for Texas that are now housed in the Texas Collection. Also now on the 7th Floor are Dallas and Texas City Directoris, and Texas Newspapers. The 7th Floor is limited access and has rules different from other areas. Be sure to check with them. However, Genealogy still has Ellis Co. Tax List, Death Records and Probate Records, and some Histories of Texas Counties.

The Department is all open stack arrangement with no limited access. This allows you to browse and touch all books. As you enter the double doors of the Genealogy Department, you are greeted by an able staff member, and are asked to sign in at the main desk. They are now using a sign in sheet instead of the little sheets of paper we had before. Please don't forget to sign in.

On your left on horizontal shelving are the current periodicals in alphabetical order as before. Below them on the bottom shelf are the maps and atlases. The low stack shelving in the front of the room begin the low numbered books-Reference Books, Library of Congress books, etc. These are the books that were behind the desk in the old building. From there the numbers continue to the high stacks in the rear, then to the two rows in the middle and then to the stacks on the side wall. When you have finished with your book please return it to the rust colored shelve that you find in the middle of each section. This will help the library staff and us.

As you gaze around the room your eyes fall on the 18 new microfilm viewers. There are three upright and 15 others that are ALL ALIKE. They look like T V sets and are easy to use. Be sure to sign for their use at the desk located near them and be sure to sign out when you have finished with a viewer. What a relief to have all load the same. There is one microfiche viewer in the Genealogy room as well as a copy machine. And when you find that ancestor on microfilm and want a copy, you can make that also right in the department. You can make not only various sizes, but either a positive or negative copy. This is still \$.25 per page.

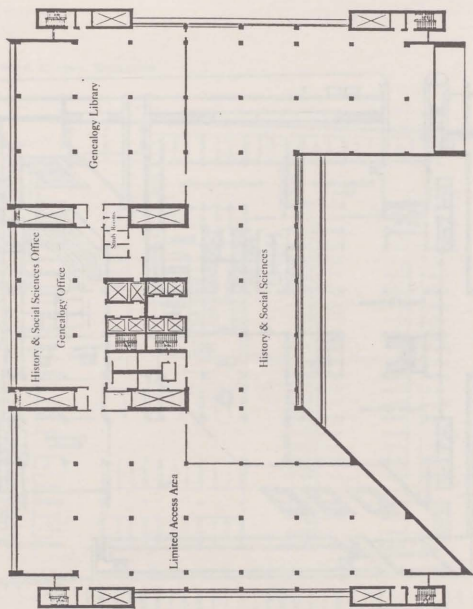

On the right rear wall are the cabinets that house the microfiche and microfilm. Starting near the windows at the top is the microfiche, City Directories, North Carolina Marriages, etc., and then the microfilm begins with the Military Records, Revolutionary War, 1812 War and Civil War, etc., following in order, Passenger Lists, State Records on Microfilm, U S and Foreign Countries - Draper Manuscripts, Newspapers, etc., Tax Lists, etc, and last but not least the Federal Census of the United States. When you finish your roll of film return it to the shelves located at the end of the cabinets in the proper State, if it is other than a Census, place it on the bottom shelf below the Census. The printed index to the Census is located directly in front of the microfilm area

We will still have our Card Catalogue as well as access to the computer. As of this writing the new case for the card catalogue had not arrived. We will also have a ROM Reader. This is a backup to the Computer Terminal. Each department will have a ROM Reader for its collection. This is a dedicated microfilm viewer with the Departments card catalogue on microfilm with access by subject, author and title.

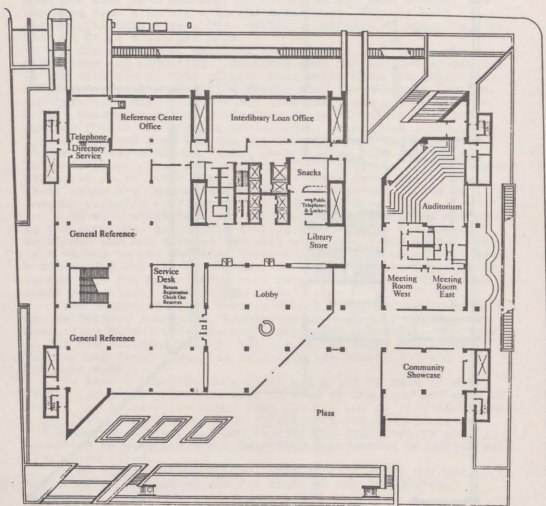

The wonderful staff that is always ready and eager to help are as follows - Lloyd D. Bockstroek, the head of the Department, Jean Hudon, Leona Markoff, and Bruce Graves all who were in the old building helping us; new to the Staff are Amanda Hampton and Carol Stanglin; returning are Sherry Johnson and Marianne Woody.

We have a knowledgeable staff and a lot of room to work. If the microfilm you would like to read or the book you want is not in the library, remember that you can buy or give money for a specific book or film. Your donation is tax deductible and the Genealogy Library and you benefit. If you chose to give something be sure you state Genealogy Department, or better yet give it to Lloyd.

Some Floor layouts follow. Come see and enjoy our new Genealogy Department on the 8th Floor of the new Central Library.

ACQUISITIONS

By Lloyd D. Bockstruck

Acquisitions of the Genealogy Department of the Dallas Public Library as of 11 February 1982.

The list of acquisitions is not sizeable since the City Council withheld the library budget until quite late. The items which were then ordered are being held until the library moves into its new building.

"HISTORICAL HIGHLIGHTS OF TENNESSEE - TWELVE ARTICLES ON THE EARLY HISTORY OF TENNESSEE"
BY Stanley J. FOLMSBEE, Edited by Vernon RODDY. Order from V. RODDY--HIGHLIGHTS, 204 Anderws Avenue, Hartsville, TN 37074. \$2.50 + .45 postage.

This book consists of twelve articles on the early history of Tennessee. These essays were originally written by know historian, Stanley J. FOLMSBEE for the people of Tennessee and at that time they were published in serial form in the local weekly newspapers throughout the state.

It is an easy-to-read capsule history. The beginner genealogist will appreciate it and the advanced researcher will find that it is a good twelve page review.

"THE LOVING FAMILY IN AMERICA - 1705-1981" (PLUS LOVAN, LOVEIN, LOVEN, LOVORN, LOVVORN, LOVERN, LOVIN)
By Carl and May READ, 1981. Order from authors, P. O. Box 2072, Warner Robins, GA 31099. \$36.

If you have the LOVING surname (or variation) in your family, this is the book that is sure to help solve some of your research problems. Carl READ has presented nineteen major LOVING families and brought all known descendants forward to the present day. The majority of these early LOVING families are from Virginia, Georgia, North and South Carolina, and Mississippi. Each progenitor is given a single number and each member descended from him is identified through the additional numeral - a very easy system to follow.

Although the addresses are not listed for most of the descendants, Carl READ very generously gives credit to the many contributors to his book, and suggests that the reader contact these people for more information. Following the nineteen know LOVING families is a section on LOVINGS who are not part of the major families.

This book is easy to use with an every-name index; clean, sharp print; and wide margins.
