EDITOR'S PAGE

This is the first issue of our new size. I hope that you all will enjoy the new format. It should save us on both paper and postage cost, and with rising costs we are trying to keep membership dues down and still bring you the information you seek. It will take awhile to get everything the way we want it, but we hope you will be patient with us.

Thanks to all who were so understanding about missing pages etc. with the last quarterly. We have been assured by the printer that we should not have that kind of trouble again. If you have noticed a missing page please write the P. O. Box and let me know, so I may mail you a copy of the missing page. Thank you again for your understanding.

I hope to be able to run as much information on Dallas County as possible. I feel that this is the most important feature of THE QUARTERLY.

You may notice fewer listings on the Content Page, however you should note that there are forty pages of Dallas County Records. These should be helpful to all members looking for Dallas County ancestors. We have enough material on hand to run Dallas County information - Naturalization, 1890 Tax list, as a Substitute for the 1890 Census that is missing, and Deed Book A. These should be of help to all who have Dallas County ancestors.

We are out of queries! Please send in as many as you like and we will run them as space permits. Please check the Query Page for instructions for submitting queries.

We are also very low on short articles. If you have anything we might use, please send it to the P. O. Box, especially Texas and the surrounding states. Anything you think will be of interest to our members will be appreciated so please send to P. O. Box.

Our thanks to Society members for reading the microfilm of the 1890 Tax list and typing it. I really appreciate the assistance.

Most of this issue was generated on my computer using my word processor and sorting programs, making the production of this issue less time consuming.

MARGARET A. HUDSON

1890 DALLAS CO., TEXAS TAX LIST

The 1890 Dallas County Tax list is being run to bridge the gap between the 1880 Census and the 1900 Census. The Tax list will be run in Precincts, as this should help give an idea of neighbors. Precinct 1 is being run first, and happens to be the largest. Just the name is listed here, not the type of property taxed, as the idea is to place persons in Dallas County in 1890. The names are in alphabetical order and are not INDEXED. The Poll Tax for each precinct will be run together, after all precincts have been run.

**EXCERPTS FROM NORTH CAROLINA SPECTATOR AND WESTERN ADVERTISER,  
RUTHERFORDTON, RUTHERFORD CO., NORTH CAROLINA**

Friday - April 30, 1830, Vol. 1, Number 11

(p. 44) CHANCES OF MARRIAGE. A curious calculation has been entered into (says the N.Y. Evening Post,) by a writer in a recent Edinburgh paper, the object of which is to show the relative numbers of marriages that take place among the females of Scotland between the ages of fourteen and forty. Of a thousand married women under forty, "taken without selection" it seems that 32 were married during their fourteenth or fifteenth year, 104 during their sixteenth or seventeenth, 219 during their eighteenth or nineteenth and 233 (the greatest number) during the twentieth and twenty-first. From this age forward the number of marriages in each year rapidly declined, twenty-two and twenty-three giving only 165, the next two 102, the next 45, and so on, down to thirty-eight and thirty-nine, which give only 4. If this calculation is accurate, a single lady enterin on her twenty-second year has left to her about two-fifths of her original chances of matrimony; and should she continue in single blessedness until her twenty-sixth year, she will have lost about six sevenths of her chances for a husband. We give these statistics a place, for the information of such of our unmarried lady readers as may desire to know how stand the blanks and prizes in the lottery of matrimony.

(p. 50) The Editor of the "New Berlin Penn. Times," says "last Tuesday we saw one of the 'universal yankee nation,' with a wagon load of tomb-stones, at Selinsgrove. They were finished and ornamented, and the purchaser had but to furnish an epitaph, which the pedlar inscribed upon the stone, with an expedition that was truly surprising. He has found this to be quite a profitable business." No doubt.

(p. 51) A NEW MARRIAGE ACT. By the late marriage act in the state of N. York, which went into effect the first of January last, it is provided by the second section, that "Every male that shall have attained the full age of seventeen years, and every female who shall have attained the full age of fourteen years, shall be capable, in law, of contracting marriage."

(p. 55) The ladies, in a part of New York, have formed an "anti-wife-whipping-society."
